FOR PROFESSIONALS

**February 12, 2024 | 1:00-2:00pm EST**  
**We PROVIDE Compassionate Care:  
Safe Reduction of the Primary Cesarean Rate**

1.0  
CNEs

» [REGISTER HERE](#)

Learn how a hospital was successful in reducing and maintaining their NTSV Cesarean Rate by working with the state Perinatal Quality Collaborative. Small steps of change led to changes in unit culture and providing creative labor support for patients and families. Learn how visual management helped with the change. What role does celebration and recognition play? Learn easy tips to introduce with your own team to help to meet the national benchmark of a NTSV Rate <23.6%.

**Nancy Travis, MS, RN, BC, CPN, CBC, C-ONQS,  
FAWHONN**

CNEs

**April 23, 2024 | 1:00-2:00pm EDT**  
**Respect and Compassion as the Essential  
Platform for Safe Patient Care.**

» [REGISTER HERE](#)

With so many initiatives and expectations for birthing centers across the country, no performance improvement plan or safety initiative will be successful without being built on the foundation of Respect and Compassion. Commonly now referred to as the 5th R, the lens of Respect will provide tangible ways to address your national safety initiatives. Don't recreate the wheel, instead join us to explore the many tools already available. **Dixie Weber, MS, BSN, RN**

**June 14, 2024 | 1:00-2:30pm EDT**  
**Breaking Through the Stigma of Obesity in  
Pregnancy and the Postpartum Period**

» [REGISTER HERE](#)

This course delves into evidence-based strategies for delivering compassionate care to patients with weight-related health needs. Participants will learn effective communication techniques, empathy-building methods, and patient-centered care principles to ensure respectful care. Participants will apply principles of dignified care and respectful support, honing their ability to provide compassionate and person-centered care to individuals with weight-related health concerns.

**Elizabeth Rochin Ph.D., RN  
Dixie Weber, MS, BSN, RN**

**August 13, 2024 | 1:00-2:00pm EDT**  
**The 4th Trimester -Prioritizing  
Maternal Mental Health**

» [REGISTER HERE](#)

Maternal mental health is a crucial aspect of overall well-being for both mothers/ birthing persons and their children. Addressing the emotional and psychological challenges that birthing persons face during pregnancy and postpartum is essential for fostering a healthy and supportive environment. Let's explore this important topic further.

**Debbie Ketchum DNP, MAOM, RN, NEA-BC, RNC-MNN,  
C-EFM, REC-C**
