

## Our new 2024 Virtual Learning Series has dropped!

We are excited to share with you our 2024 line-up for FREE CNE/NCPD\* courses. This virtual learning series for maternal health professionals is made to fit your schedule, offering both live and on-demand programs. Register now to get started!

\*The American Nurses Credentialing Center (ANCC) has changed the term "Continuing Nursing Education" (CNE) to "Nursing Continuing Professional Development" (NCPD).

## Help protect delicate skin with Huggies® Natural Care® Extra Sensitive Wipes

Huggies® Natural Care® Extra Sensitive Wipes are the first wipes developed specifically for use on babies in the NICU and the unique needs of premature infant skin. Designed to complement healthy skin pH, they help wipe fecal enzymes away from the skin and are clinically proven to be more gentle than cloth and water. Download our latest technical bulletin to learn more.
