

Introducing Huggies® Healthcare eAcademy

It's here! We've redesigned our comprehensive learning center for maternal healthcare professionals. Now you can continue to explore complimentary skin health education and equitable care courses all in one location, including the new Respectful, Equitable Care Certification. Get the tools you need to support families every step of the way—through pregnancy, birth, and beyond.

Unlock the power of respectful care

Looking for respectful care resources? We've expanded our educational offering to include more of the latest content. Check out these respectful, equitable care resources, along with a video message from Rose Horton, former AWHONN president, with tips on how to ground patient communications in respect. Plus, [sign up for the new 2023 free continuing education webinars](#).

Help support baby's skin health, change after change

Newborn skin needs extra-special care. That's why we suggest pairing breathable Little Snugglers® Diapers with pH-balanced Natural Care® Sensitive Wipes. This comfy, hypoallergenic combo is clinically proven to complement healthy baby skin pH, helping protect their delicate skin.
